## INDUSTRIAL CABLES

“TMC is a world-leading enterprise in the marine and offshore plant cable market. and also a leading global manufacturer in the energy and information transmission products that not only strive to satisfy client's current needs all over the globe but also leads future demand. TMC try the best to ensure Top client experiences by actualizing its vision slogan to provide the best technology and usability, we will take one more step towards client satisfaction.”

In the optical cable and offshore plant market – another growth engine for TMC – we have formed partnerships with major enterprises around the world and have secured the No. 1 market share.

TMC supplies All Major Korean Shipyards as : HHI, HMD, HSHI, DSME, SAMSUNG, STX & DAEHAN.

Through stable operations of production/sales/service hubs that are already being successfully managed both in Korea and abroad, TMC works towards quickly meeting the needs of clients in the global market. TMC management philosophy is to put our clients first in all our management activities.
