ELECTRIC & HYDRAULIC DECK MACHINERY MANUFACTURERS

SERVING BOATS AND COMMERCIAL VESSELS SINCE 1961

Palmarine was founded in Sydney, Australia in 1961 to serve the boats and commercial vessels operating in Australia and beyond. Since then, business has growth leap and bounds to serve vessels world-wide.

Palmarine range of products are :

- Hydraulic steering gear system such as independent rudder system, link rudder system which can be interfaced or integrated with major Autopilot, Joystick and DP Systems
- Electric and Hydraulic deck machineries such as anchor windlass, ramp winch, vertical and horizontal capstan, tugger winch, anchor and towing winch, palmjaw, towing pins etc
- Electric engine telegraph for both single or double stations
- Propellor shaft speed and directions indicating system.

Palmarine manufactures various types of deck machineries for all types of ships and boats which are either powered by electric or hydraulic driven. Each and every unit is robustly built to the stringent requirements of the various ship's classifications.
